Index to Volume 86

Subject index

Acid
Investigation of oesophageal reflux symptoms after gastric surgery with combined pH and bilirubin monitoring, 271

Adrenal
Adrenal-sparing surgery for phaeochromocytoma, 94
Comparison of open posterior *versus* transperitoneal laparoscopic adrenalectomy, 656
Surgical implications of underestimation of adrenal tumour size by computed tomography, 385

Ampulla
Centralization of surgery for periampullary malignancy, 1361
Periampullary diverticula and pancreaticobiliary disease, 588

Anal canal
Outcome after surgical resection for high-grade anal intraepithelial neoplasia (Bowen's disease), 1063
Unstimulated graciloplasty in traumatic faecal incontinence, 1071

Anastomosis
Experimental study of the influence of intestinal flora on the healing of intestinal anastomoses, 961

Anatomy
Lateral ligaments of the rectum: an anatomical study, 487

Aneurysm
A 14-year experience with 6 cm as a criterion for surgical treatment of abdominal aortic aneurysm, 1317
Endoleak after stent-graft treatment of abdominal aortic aneurysm: a meta-analysis of clinical studies, 581
Experimental techniques and models in the study of the development and treatment of abdominal aortic aneurysm, 305
Factors affecting late survival after elective abdominal aortic aneurysm repair, 1047
Immunoglobulin A antibodies against *Chlamydia pneumoniae* are associated with expansion of abdominal aortic aneurysm, 634
Management of small abdominal aortic aneurysms, 433
Marimastat inhibits elastin degradation and matrix metalloproteinase 2 activity in a model of aneurysm disease, 1053
Mortality from ruptured abdominal aortic aneurysm in Wales, 765
Physiological comparison of open and endovascular aneurysm repair, 760
Prevalence of aortic aneurysm in men with a history of inguinal hernia repair, 1155
Simultaneous aortic aneurysm repair and colonic surgery, 217
Uptake of tetracycline by aortic aneurysm wall and its effect on inflammation and proteolysis, 771

Angiography
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422

Angioplasty
Clinical study for adjuvant photodynamic therapy to reduce restenosis following femoral angioplasty, 1258
Use of colour duplex to diagnose and guide angioplasty of lower limb arterial lesions, 911

Anorectal function
Oral nifedipine reduces resting anal pressure and heals chronic anal fissure, 1269
Results of repeat anal sphincter repair, 66

Antibiotic
Survey of antibiotic prophylaxis in acute pancreatitis in the UK and Ireland, 320

Anus
Anal intraepithelial neoplasia, 1363
Controlled digital anal dilatation under total neuromuscular blockade for chronic anal fissure: a justifiable procedure, 651
Differences in contractile properties of anorectal smooth muscle and the effects of calcium channel blockade, 70
Intraobserver and interobserver agreement in anal endosonography, 371
Treatment of persistent pruritus ani in a combined colorectal and dermatological clinic, 1337

Aorta
A 14-year experience with 6 cm as a criterion for surgical treatment of abdominal aortic aneurysm, 1317
Aortic prosthetic infection, 435
Endogenous renal nitric oxide metabolism following experimental infrarenal aortic cross-clamp-induced ischaemia-reperfusion injury, 795
Endoleak after stent-graft treatment of abdominal aortic aneurysm: a meta-analysis of clinical studies, 581
Experimental techniques and models in the study of the development and treatment of abdominal aortic aneurysm, 305
Factors affecting late survival after elective abdominal aortic aneurysm repair, 1047
Immunoglobulin A antibodies against *Chlamydia pneumoniae* are associated with expansion of abdominal aortic aneurysm, 634
Management of small abdominal aortic aneurysms, 433
Mortality from ruptured abdominal aortic aneurysm in Wales, 765
Physiological comparison of open and endovascular aneurysm repair, 760
Prevalence of aortic aneurysm in men with a history of inguinal hernia repair, 1155
Simultaneous aortic aneurysm repair and colonic surgery, 217
Uptake of tetracycline by aortic aneurysm wall and its effect on inflammation and proteolysis, 771

Appendix
Leucocyte count and C-reactive protein in the diagnosis of acute appendicitis, 501
Nitric oxide synthetase and *Helicobacter pylori* in patients undergoing appendicectomy, 1538
Prospective randomized multicentre study of laparoscopic *versus* open appendicectomy, 48

Arterial
Quantitative study of capillary density in the skin of the foot in peripheral vascular disease, 342

Arterial disease
Adjuvant medical therapy in peripheral bypass surgery, 981

© 1999 Blackwell Science Ltd

Clinical study for adjuvant photodynamic therapy to reduce restenosis following femoral angioplasty, 1258
Deep venous thrombosis in peripheral vascular disease, 907
Outcome measures after lower extremity bypass surgery: there is more than just patency, 1105
Peripheral thrombolysis for acute-onset claudication, 800
Use of colour duplex to diagnose and guide angioplasty of lower limb arterial lesions, 911

Arterial surgery
Adjuvant medical therapy in peripheral bypass surgery, 981
Experimental techniques and models in the study of the development and treatment of abdominal aortic aneurysm, 305
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433
Influence of systemic factors on pre-existing intimal hyperplasia and their effect on outcome of infrainguinal arterial reconstruction with vein, 1441
Popliteal artery entrapment syndrome, 1365
Quantitative study of capillary density in the skin of the foot in peripheral vascular disease, 342
Reintervention and mortality after infrainguinal reconstructive surgery for leg ischaemia, 38
Simultaneous aortic aneurysm repair and colonic surgery, 217
Stroke after carotid endarterectomy, 3

Artery
Outcome measures after lower extremity bypass surgery: there is more than just patency, 1105
Popliteal artery entrapment syndrome, 1365
Quantitative study of capillary density in the skin of the foot in peripheral vascular disease, 342
Rescue of liver grafts from hepatic artery occlusion in living-related liver transplantation, 886

Artery – carotid
Stroke after carotid endarterectomy, 3

Artery – femoropopliteal
Colour-coded duplex imaging and dependent Doppler ultrasonography in the assessment of cruropedal vessels, 33
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433
Influence of systemic factors on pre-existing intimal hyperplasia and their effect on outcome of infrainguinal arterial reconstruction with vein, 1441
Outcome measures after lower extremity bypass surgery: there is more than just patency, 1105
Use of colour duplex to diagnose and guide angioplasty of lower limb arterial lesions, 911

Artery – miscellaneous
Estimation of mortality and morbidity risk in vascular surgery using POSSUM and the Portsmouth predictor equation, 471

Artery – upper limb
Outcome of primary radiocephalic fistulae for haemodialysis, 211

Ascites
Saphenoperitoneal shunts for patients with intractable ascites associated with chronic liver disease, 882

Audit
Chronic groin sepsis following tension-free inguinal hernioplasty, 562
Complexity- and risk-adjusted model for measuring surgical outcome, 1567
Estimation of mortality and morbidity risk in vascular surgery using POSSUM and the Portsmouth predictor equation, 471
Patients' perception of surgical services in a district general hospital, 1549
Value of a surgical high-dependency unit, 1578

Axilla
Accuracy of intraoperative frozen-section analysis of axillary nodes, 392

Bacteria
Experimental study of the influence of intestinal flora on the healing of intestinal anastomoses, 961
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433

Bacteriology
Experimental study of the influence of intestinal flora on the healing of intestinal anastomoses, 961

Bile
Investigation of oesophageal reflux symptoms after gastric surgery with combined pH and bilirubin monitoring, 271

Bile duct
Liver metastases after curative resection in patients with distal bile duct cancer, 327
Value of magnetic resonance cholangiopancreatography in demonstrating major bile duct injuries following laparoscopic cholecystectomy, 181

Bile duct – tumour
Value of percutaneous transhepatic portography before hepatectomy for hilar cholangiocarcinoma, 1415

Biliary
Intrapulmonary shunting in biliary atresia before and after living-related liver transplantation, 1139

Biliary tract
Intrapulmonary shunting in biliary atresia before and after living-related liver transplantation, 1139
Liver metastases after curative resection in patients with distal bile duct cancer, 327
Periampullary diverticula and pancreaticobiliary disease, 588
Prospective randomized trial of end-to-end *versus* side-to-side biliary reconstruction after orthotopic liver transplantation, 447

Breast
Case-controlled study of the epidemiological risk factors for breast cancer in Nigeria, 665
Comparison of radioguided excision with wire localization of occult breast lesions, 522
Contrast-enhanced colour Doppler ultrasonography in suspected breast cancer recurrence, 1198
Expression and clinical significance of apolipoprotein D in male breast cancer and gynaecomastia, 1190
Missing mammographic abnormality, 851
A patient declines mastectomy, 1491
Sentinel node and breast cancer, 1

Breast – benign
Endoscopic technique for the localization of intraduct papillomas, 1470

Breast – malignant
Case-controlled study of the epidemiological risk factors for breast cancer in Nigeria, 665
Comparison of radioguided excision with wire localization of occult breast lesions, 522
Contrast-enhanced colour Doppler ultrasonography in suspected breast cancer recurrence, 1198

© 1999 Blackwell Science Ltd

Factors leading to local recurrence or death after surgical resection of phyllodes tumours of the breast, 396
A patient declines mastectomy, 1491
Prognosis after breast recurrence following conservative surgery and radiotherapy in patients with node-negative breast cancer, 1556
Sentinel node and breast cancer, 1

Breast – surgery
Endoscopic technique for the localization of intraduct papillomas, 1470
A patient declines mastectomy, 1491
Reoperation for locally recurrent breast cancer in patients previously treated with conservative surgery, 84
Treatment and outcome of intracystic papillary carcinoma of the breast, 1274

Breast – tumour
Case-controlled study of the epidemiological risk factors for breast cancer in Nigeria, 665
Contrast-enhanced colour Doppler ultrasonography in suspected breast cancer recurrence, 1198
In vitro DNA synthesis in freshly separated human breast cancer cells assessed by tritiated thymidine incorporation assay: relationship to the long-term outcome of patients, 1463
Multicentre study of ultrasonographically guided axillary node biopsy in patients with breast cancer, 1459
A patient declines mastectomy, 1491
Reoperation for locally recurrent breast cancer in patients previously treated with conservative surgery, 84
Treatment and outcome of intracystic papillary carcinoma of the breast, 1274

Carotid
Carotid endarterectomy before and after publication of randomized controlled trials, 206
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422
Stroke after carotid endarterectomy, 3

Chemotherapy
Adjuvant regional chemotherapy after hepatic resection for colorectal metastases, 1025

Claudication
Peripheral thrombolysis for acute-onset claudication, 800

Colon
Minimizing recurrence in sigmoid volvulus, 231

Colon – cancer
Local recurrence after curative excision of the rectum for cancer without adjuvant therapy: role of total anatomical dissection, 1164
Outcome in patients with colorectal cancer managed by surgical trainees, 1332
Staging of rectosigmoid neoplasia using colonoscopic endoluminal ultrasonography, 942
Treatment of colorectal liver metastases, 158

Colon – inflammatory
Association between alcoholism and diverticulitis, 1067
DNA aneuploidy as a marker of premalignancy in surveillance of patients with ulcerative colitis, 947
Fertility after ileal pouch-anal anastomosis in women with ulcerative colitis, 493
Improved perineal healing after internal sphincter-preserving proctectomy in ulcerative colitis, 1344

Colon – miscellaneous
Smoking may be associated with complications in diverticular disease, 923

Colon – surgery
Changing strategy for rectal cancer is associated with improved outcome, 379
Comparative study of two sites of colonic conduit placement in the treatment of constipation due to rectal evacuatory disorders, 647
Comparison of two closure techniques for the repair of experimental colonic perforations, 514
Experimental study of intraperitoneal suramin on the healing of colonic anastomoses, 1171
Fertility after ileal pouch-anal anastomosis in women with ulcerative colitis, 493
Hospital stay of 2 days after open sigmoidectomy with a multimodal rehabilitation programme, 227
Improved perineal healing after internal sphincter-preserving proctectomy in ulcerative colitis, 1344
Influence on the volume of work on the outcome of treatment for patients with colorectal cancer, 475
Intraoperative lymphatic mapping and the sentinel node concept in colorectal carcinoma, 482
Laparoscopic surgery in the treatment of colonic polyps, 505
Laparoscopically assisted colorectal surgery in the elderly, 938
Local and systemic effects of intraoperative whole-colon washout with 5 per cent povidone-iodine, 219
Prospective study of primary anastomosis without colonic lavage for patients with an obstructed left colon, 1341
Randomized controlled trial to examine the influence of thoracic epidural analgesia on postoperative ileus after laparoscopic sigmoid resection, 1292
Salvage of large bowel anastomotic leaks, 499
Simultaneous aortic aneurysm repair and colonic surgery, 217
Smoking and alcohol abuse are major risk factors for anastomotic leakage in colorectal surgery, 927

Colon – tumour
Clinical assessment of positron emission tomography for the diagnosis of local recurrences in colorectal cancer, 932
Effect of radioimmunoscintigraphy on the management of recurrent colorectal cancer, 244
Impact of laparoscopic colonic resection on tumour growth and spread in an experimental model, 1180
Influence on the volume of work on the outcome of treatment for patients with colorectal cancer, 475
Intraoperative lymphatic mapping and the sentinel node concept in colorectal carcinoma, 482
Laparoscopically assisted colorectal surgery in the elderly, 938
Local and systemic effects of intraoperative whole-colon washout with 5 per cent povidone-iodine, 219
Sequential hepatic and pulmonary resections for metastatic colorectal cancer, 241
Staging of rectosigmoid neoplasia using colonoscopic endoluminal ultrasonography, 942
Survival of patients with colorectal cancer diagnosed in a randomized controlled trial of faecal occult blood screening, 1286

Colonoscopy
Frequency of early colorectal cancer in patients undergoing colonoscopy, 1328

Coloproctology
Clinicopathological study of intrapelvic cancer spread to the iliac area in lower rectal adenocarcinoma by serial sectioning, 1532
Dynamic graciloplasty in the treatment of patients with faecal incontinence, 61

© 1999 Blackwell Science Ltd

Experimental study of neorectal physiology after formation of a transverse coloplasty pouch, 1451
External anal sphincter atrophy on endoanal magnetic resonance imaging adversely affects continence after sphincteroplasty, 1322
Identification of patients likely to benefit from biofeedback for outlet obstruction constipation, 355
Oral nifedipine reduces resting anal pressure and heals chronic anal fissure, 1269
Preliminary results of a multicentre trial of the electrically stimulated gracilis neoanal sphincter, 1543
Results of repeat anal sphincter repair, 66
Sensory and autonomic neuropathy in patients with idiopathic slow-transit constipation, 54
Three-dimensional endoanal sonography in assessing anal canal injury, 365
Topographical distribution of blood supply to the anal canal, 496
Use of unilateral pudendal thigh flap in the treatment of complex retrovaginal fistula, 645

Complication
Fatal and life-threatening complications in reflux surgery: analysis of 5502 operations, 1573

Constipation
Comparative study of two sites of colonic conduit placement in the treatment of constipation due to rectal evacuatory disorders, 647
Identification of patients likely to benefit from biofeedback for outlet obstruction constipation, 355
Sensory and autonomic neuropathy in patients with idiopathic slow-transit constipation, 54

Crohn's disease
Outcome of strictureplasty for duodenal Crohn's disease, 259
Smoking is a predictive factor for outcome after colectomy and ileorectal anastomosis in patients with Crohn's colitis, 1069

Cryotherapy
Indicators of recurrence following cryotherapy for hepatic metastases from colorectal cancer, 234

CT scan
Oral contrast with computed tomography in the evaluation of blunt abdominal trauma in children, 1073
Spiral computed tomography for preoperative staging of a potentially resectable carcinoma of the pancreatic head, 789
Surgical implications of underestimation of adrenal tumour size by computed tomography, 385

Cytology
Improving cytological diagnosis and surgical management of parotid adenolymphoma, 1275
Touch imprint cytological analysis of sentinel lymph nodes for detecting axillary metastases in patients with breast cancer, 1346

Day-case surgery
Day-case haemorrhoidectomy, 255
Randomized trial of open *versus* closed day-case haemorrhoidectomy, 612

Dialysis
Outcome of primary radiocephalic fistulae for haemodialysis, 211

Diverticulum
Association between alcoholism and diverticulitis, 1067
Periampullary diverticula and pancreaticobiliary disease, 588
Smoking may be associated with complications in diverticular disease, 923

Duodenum
Outcome of strictureplasty for duodenal Crohn's disease, 259
Postoperative peritonitis originating from the duodenum: operative management by intubation and continuous intraluminal irrigation, 1207

Embolization
During liver regeneration following right portal embolization the growth rate of liver metastases is more rapid than that of the liver parenchyma, 784

Embolus
Modern management of pulmonary embolism, 853

Endoscopy
Correlation between spiral computed tomography, endoscopic ultrasonography and findings at operation in pancreatic and ampullary tumours, 189
Endoscopic band ligation of oesophageal varices, 437
Endoscopically assisted, minimally invasive parathyroidectomy, 1563

Endoscopy – miscellaneous
Endoscopically assisted, minimally invasive parathyroidectomy, 1563

Endoscopy – upper GI
Endoscopic band ligation of oesophageal varices, 437

Epidemiology
Case-controlled study of the epidemiological risk factors for breast cancer in Nigeria, 665
DNA aneuploidy as a marker of premalignancy in surveillance of patients with ulcerative colitis, 947
Epidemiology of Warthin's tumour of the parotid gland in an Asian population, 661
Mortality from ruptured abdominal aortic aneurysm in Wales, 765
Prevalence of aortic aneurysm in men with a history of inguinal hernia repair, 1155
Smoking may be associated with complications in diverticular disease, 923

Experimental
Biphasic role for nitric oxide in experimental renal warm ischaemia-reperfusion injury, 1039
Characterization of the Kupffer cell response to exogenous endotoxin in a rodent model of obstructive jaundice, 628
Comparison of two closure techniques for the repair of experimental colonic perforations, 514
Endogenous renal nitric oxide metabolism following experimental infrarenal aortic cross-clamp-induced ischaemia-reperfusion injury, 795
Experimental study of the effect of intraperitoneal heparin on tumour implantation following laparoscopy, 400
Experimental study on the effect of intraportal prostaglandin E_1 on hepatic blood flow during reperfusion after ischaemia and hepatectomy, 776
Experimental study of the influence of intestinal flora on the healing of intestinal anastomoses, 961
Experimental study of intraperitoneal suramin on the healing of colonic anastomoses, 1171
Experimental study of liver dysfunction evaluated by direct indocyanine green clearance using near infrared spectroscopy, 1005
Experimental study of neorectal physiology after formation of a transverse coloplasty pouch, 1451
Impact of laparoscopic colonic resection on tumour growth and spread in an experimental model, 1180
Impaired healing of extraperitoneal intestinal anastomoses, 680

© 1999 Blackwell Science Ltd

In vitro DNA synthesis in freshly separated human breast cancer cells assessed by tritiated thymidine incorporation assay: relationship to the long-term outcome of patients, 1463
Inhibition of platelet-activating factor, intercellular adhesion molecule 1 and platelet endothelial cell adhesion molecule 1 reduces experimental pancreatitis-associated gut endothelial barrier dysfunction, 411
Marimastat inhibits elastin degradation and matrix metalloproteinase 2 activity in a model of aneurysm disease, 1053
Role of tissue factor expression on tumour cell invasion and growth of experimental pancreatic adenocarcinoma, 890

Fissure
Controlled digital anal dilatation under total neuromuscular blockade for chronic anal fissure: a justifiable procedure, 651
Oral nifedipine reduces resting anal pressure and heals chronic anal fissure, 1269

Fistula
Anocutaneous advancement flap closure of high anal fistulas, 490
Outcome of primary radiocephalic fistulae for haemodialysis, 211

Frozen section
Accuracy of intraoperative frozen-section analysis of axillary nodes, 392

Gallbladder
Audit of methods of laparoscopic cholecystectomy, 185
Gallbladder ascariasis: presentation and management, 1526

Gallbladder – neoplasia
Treatment of gallbladder cancer by radical resection, 622

Gallbladder – surgery
Emergency cholecystostomy and subsequent cholecystectomy for acute gallstone cholecystitis in the elderly, 1521
Laparoscopic management of complicated gallstone disease, 145

Gallbladder – tumour
Treatment of gallbladder cancer by radical resection, 622

Gallstones
Laparoscopic management of complicated gallstone disease, 145

Gastrointestinal surgery
Obscure lower gastrointestinal tract bleeding, 579

General
Centralization of surgery for periampullary malignancy, 1361
Preoperative alcoholism and postoperative morbidity, 869
Risk scoring in surgical patients, 149
Systematic reviews and meta-analyses: the value for surgery, 977
The sportsman's groin, 849
Trefoil peptides and surgical disease, 740

Genetics
Comparison of the expression of fibrosis-associated genes in glomeruli after renal transplantation between conventional cadaveric and non-heart-beating donors, 1264
DNA aneuploidy as a marker of premalignancy in surveillance of patients with ulcerative colitis, 947
Intragraft expression of transforming growth factor β1 gene in isolated glomeruli from human renal transplants, 1144

Glove
Electronic evaluation of the value of double gloving, 1387

Graft
Aortic prosthetic infection, 435
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433
Rescue of liver grafts from hepatic artery occlusion in living-related liver transplantation, 886

Gynaecology
Phase II trial of radical surgery for locally advanced pelvic neoplasia, 805

Gynaecomastia
Expression and clinical significance of apolipoprotein D in male breast cancer and gynaecomastia, 1190

Haematology
Mesenteric vein thrombosis due to factor V Leiden gene mutation, 1059

Haemorrhage
Management of bleeding pseudoaneurysms in patients with pancreatitis, 29
Obscure lower gastrointestinal tract bleeding, 579

Haemorrhoids
Day-case haemorrhoidectomy, 255
Randomized trial of open *versus* closed day-case haemorrhoidectomy, 612

Hernia
Chronic groin sepsis following tension-free inguinal hernioplasty, 562
Diaphragmatic herniation following oesophagectomy, 109
Endoscopic totally extraperitoneal repair of bilateral inguinal hernias, 1312
Experience with the peritoneal 'plug and patch' inguinal hernia repair, 1284
External oblique aponeurosis nerve entrapment as a cause of groin pain in the athlete, 566
A hernia sac cannot be found at operation, 1107
Illustrated review of new imaging techniques in the diagnosis of abdominal wall hernias, 1243
Inguinal hernia repair, 577
Prevalence of aortic aneurysm in men with a history of inguinal hernia repair, 1155
Prospective study of chronic pain after groin hernia repair, 1528
Randomized clinical trial of laparoscopic *versus* open inguinal hernia repair, 316
The sportsman's groin, 849

Hernia – hiatus
Mechanism of action of antireflux procedures, 405

Hernia – inguinal
A hernia sac cannot be found at operation, 1107
Inguinal hernia repair, 577
Prevalence of aortic aneurysm in men with a history of inguinal hernia repair, 1155
The sportsman's groin, 849

Hernia – other
Diaphragmatic herniation following oesophagectomy, 109
Illustrated review of new imaging techniques in the diagnosis of abdominal wall hernias, 1243
The sportsman's groin, 849

Imaging
Clinical assessment of positron emission tomography for the diagnosis of local recurrences in colorectal cancer, 932
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422
Contrast-enhanced colour Doppler ultrasonography in suspected breast cancer recurrence, 1198
Effect of radioimmunoscintigraphy on the management of recurrent colorectal cancer, 244

© 1999 Blackwell Science Ltd

Evaluation of positron emission tomography with 2-[^{18}F]fluoro-2-deoxy-D-glucose for the differentiation of chronic pancreatitis and pancreatic cancer, 194
Illustrated review of new imaging techniques in the diagnosis of abdominal wall hernias, 1243
Intraoperative abdominal ultrasonography, 5
Missing mammographic abnormality, 851
Prospective comparison of endosonography, magnetic resonance imaging and surgical exploration in anorectal fistula and abscess complicating Crohn's disease, 360
Prospective evaluation of soft tissue masses and sarcomas using fluorodeoxyglucose positron emission tomography, 550
Use of colour duplex to diagnose and guide angioplasty of lower limb arterial lesions, 911

Immunology
Immunoglobulin A antibodies against *Chlamydia pneumoniae* are associated with expansion of abdominal aortic aneurysm, 634

Incontinence
Outcome of biofeedback for faecal incontinence, 1159
Topical phenylephrine increases anal sphincter resting pressure, 267

Infection
Aortic prosthetic infection, 435
Immunoglobulin A antibodies against *Chlamydia pneumoniae* are associated with expansion of abdominal aortic aneurysm, 634
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433

Intensive care
Value of a surgical high-dependency unit, 1578

Intestinal
Experimental study of the influence of intestinal flora on the healing of intestinal anastomoses, 961
Role of nitric oxide in intestinal ischaemia-reperfusion injury studied using electron paramagnetic resonance, 1427

Intussusception
Postoperative intussusception in children, 81

Ischaemia
Biphasic role for nitric oxide in experimental renal warm ischaemia-reperfusion injury, 1039
Endogenous renal nitric oxide metabolism following experimental infrarenal aortic cross-clamp-induced ischaemia-reperfusion injury, 795
Outcome measures after lower extremity bypass surgery: there is more than just patency, 1105
Plasma concentrations of glutathione S-transferase isoenzyme are raised in patients with intestinal ischaemia, 1349
Quantitative study of capillary density in the skin of the foot in peripheral vascular disease, 342
Reintervention and mortality after infrainguinal reconstructive surgery for leg ischaemia, 38
Role of nitric oxide in intestinal ischaemia-reperfusion injury studied using electron paramagnetic resonance, 1427

Jaundice
Characterization of the Kupffer cell response to exogenous endotoxin in a rodent model of obstructive jaundice, 628
Kupffer cell blockade, tumour necrosis factor secretion and survival following endotoxin challenge in experimental biliary obstruction, 1410

Kidney
Biphasic role for nitric oxide in experimental renal warm ischaemia-reperfusion injury, 1039
Comparison of the expression of fibrosis-associated genes in glomeruli after renal transplantation between conventional cadaveric and non-heart-beating donors, 1264
Intragraft expression of transforming growth factor β1 gene in isolated glomeruli from human renal transplants, 1144

Kidney – transplantation
Biphasic role for nitric oxide in experimental renal warm ischaemia-reperfusion injury, 1039
Comparison of the expression of fibrosis-associated genes in glomeruli after renal transplantation between conventional cadaveric and non-heart-beating donors, 1264
Early evaluation of renal reperfusion injury after prolonged cold storage using proton nuclear magnetic resonance spectroscopy, 1401
Intragraft expression of transforming growth factor β1 gene in isolated glomeruli from human renal transplants, 1144
Live kidney donor assessment in the UK and Ireland, 877

Laparoscopy
Audit of methods of laparoscopic cholecystectomy, 185
Comparison of open posterior *versus* transperitoneal laparoscopic adrenalectomy, 656
Endoscopic totally extraperitoneal repair of bilateral inguinal hernias, 1312
Experimental study of the effect of intraperitoneal heparin on tumour implantation following laparoscopy, 400
Impact of laparoscopic colonic resection on tumour growth and spread in an experimental model, 1180
Indication for and outcome of laparoscopy-assisted Billroth I gastrectomy, 541
Laparoscopic management of complicated gallstone disease, 145
Laparoscopic reoperation following failed antireflux surgery, 98
Laparoscopic surgery in the treatment of colonic polyps, 505
Laparoscopically assisted colorectal surgery in the elderly, 938
Peroperative time-motion analysis of diagnostic laparoscopy with laparoscopic ultrasonography, 951
Prospective randomized multicentre study of laparoscopic *versus* open appendicectomy, 48
Randomized clinical trial of early laparoscopy in the management of acute non-specific abdominal pain, 1383
Randomized clinical trial of laparoscopic *versus* open inguinal hernia repair, 316
Randomized controlled trial to examine the influence of thoracic epidural analgesia on postoperative ileus after laparoscopic sigmoid resection, 1292

Laser
Interstitial laser coagulation for hepatic tumours, 293

Liver
Assessment of potential donors for living related liver transplantation, 200
Evidence that metastasis is less common in cirrhotic than normal liver: a systematic review of post-mortem case-control studies, 1237
Intrapulmonary shunting in biliary atresia before and after living-related liver transplantation, 1139

© 1999 Blackwell Science Ltd

Major hepatectomy for hepatocellular carcinoma in patients with an unsatifactory indocyanine green clearance test, 1012
Management of liver trauma, 1121

Liver – inflammatory
Evidence that metastasis is less common in cirrhotic than normal liver: a systematic review of post-mortem case-control studies, 1237

Liver – malignant
Cytolysis following chemoembolization for hepatocellular carcinoma, 76
During liver regeneration following right portal embolization the growth rate of liver metastases is more rapid than that of the liver parenchyma, 784
Interstitial laser coagulation for hepatic tumours, 293
Liver metastases after curative resection in patients with distal bile duct cancer, 327
Major hepatectomy for hepatocellular carcinoma in patients with an unsatifactory indocyanine green clearance test, 1012
Treatment of colorectal liver metastases, 158

Liver – miscellaneous
Saphenoperitoneal shunts for patients with intractable ascites associated with chronic liver disease, 882

Liver – resection
Factors influencing survival of patients undergoing hepatectomy for colorectal metastases, 332
Interleukin 6 in bile as an indicator of liver function after hepatectomy in patients with biliary tract carcinoma, 458

Liver – surgery
Adjuvant regional chemotherapy after hepatic resection for colorectal metastases, 1025
Experimental study on the effect of intraportal prostaglandin E_1 on hepatic blood flow during reperfusion after ischaemia and hepatectomy, 776
Experimental study of liver dysfunction evaluated by direct indocyanine green clearance using near infrared spectroscopy, 1005
Laparoscopy extends the indications for liver resection in patients with cirrhosis, 1397
Major hepatectomy for hepatocellular carcinoma in patients with an unsatifactory indocyanine green clearance test, 1012
Prognostic significance of anatomical resection and des-γ-carboxyprothrombin in patients with hepatocellular carcinoma, 1032
Sequential hepatic and pulmonary resections for metastatic colorectal cancer, 241

Liver – transplantation
Assessment of potential donors for living related liver transplantation, 200
Intrapulmonary shunting in biliary atresia before and after living-related liver transplantation, 1139
Prospective randomized trial of end-to-end *versus* side-to-side biliary reconstruction after orthotopic liver transplantation, 447
Rescue of liver grafts from hepatic artery occlusion in living-related liver transplantation, 886
Training opportunities in liver transplantation surgery, 1515

Liver – trauma
Management of liver trauma, 1121

Liver – tumour
During liver regeneration following right portal embolization the growth rate of liver metastases is more rapid than that of the liver parenchyma, 784
Hepatitis viral status in patients undergoing liver resection for hepatocellular carcinoma, 1391
Indicators of recurrence following cryotherapy for hepatic metastases from colorectal cancer, 234
Interstitial laser coagulation for hepatic tumours, 293
Laparoscopy extends the indications for liver resection in patients with cirrhosis, 1397
Major hepatectomy for hepatocellular carcinoma in patients with an unsatifactory indocyanine green clearance test, 1012
Noradrenaline improves the tumour to normal blood flow ratio and drug delivery in a model of liver metastases, 453
Prognostic significance of anatomical resection and des-γ-carboxyprothrombin in patients with hepatocellular carcinoma, 1032

Lung
Modern management of pulmonary embolism, 853

Lymph node
Combined inguinal and pelvic lymph node dissection for stage III melanoma, 1493
Intraoperative lymphatic mapping and sentinel lymph node biopsy for Merkel cell carcinoma, 518
Intraoperative lymphatic mapping and the sentinel node concept in colorectal carcinoma, 482
Multicentre study of ultrasonographically guided axillary node biopsy in patients with breast cancer, 1459
Sentinel node and breast cancer, 1
Touch imprint cytological analysis of sentinel lymph nodes for detecting axillary metastases in patients with breast cancer, 1346
Unique distribution patterns of metastatic lymph nodes in patients with superficial carcinoma of the thoracic oesophagus, 669

Management
A 14-year experience with 6 cm as a criterion for surgical treatment of abdominal aortic aneurysm, 1317
Adjuvant medical therapy in peripheral bypass surgery, 981
Clinical study for adjuvant photodynamic therapy to reduce restenosis following femoral angioplasty, 1258
Controlled digital anal dilatation under total neuromuscular blockade for chronic anal fissure: a justifiable procedure, 651
Emerging trends in the management of the impalpable testis, 1280
Graduated compression stockings in the prevention of venous thromboembolism, 992
Improved management of infrainguinal bypass graft infection with methicillin-resistant *Staphylococcus aureus*, 1433
Improving cytological diagnosis and surgical management of parotid adenolymphoma, 1275
Management of liver trauma, 1121
Management of small abdominal aortic aneurysms, 433
Missing mammographic abnormality, 851
Modern management of pulmonary embolism, 853
Multimodal therapy for squamous carcinoma of the oesophagus, 727
Outcome of biofeedback for faecal incontinence, 1159
Postoperative small bowel leak, 979
Results of pneumatic dilatation in patients with dysphagia after antireflux surgery, 1088
Risk scoring in surgical patients, 149
Surgical management of severe secondary peritonitis, 1371
Trauma centres: a British perspective, 723
Trauma centres in the USA - past and present, 721

© 1999 Blackwell Science Ltd

Treatment of gallbladder cancer by radical resection, 622

Melanoma
Combined inguinal and pelvic lymph node dissection for stage III melanoma, 1493
Follow-up of patients with a thin melanoma, 619

Metabolism
Endogenous renal nitric oxide metabolism following experimental infrarenal aortic cross-clamp-induced ischaemia-reperfusion injury, 795
Glutamine, 289
Interleukin 6 in bile as an indicator of liver function after hepatectomy in patients with biliary tract carcinoma, 458
Selective impairment of glucose storage in human sepsis, 813

Metabolism and nutrition
Glutamine, 289

Metastasis
Adjuvant regional chemotherapy after hepatic resection for colorectal metastases, 1025
Evidence that metastasis is less common in cirrhotic than normal liver: a systematic review of post-mortem case-control studies, 1237
Factors influencing survival of patients undergoing hepatectomy for colorectal metastases, 332
Noradrenaline improves the tumour to normal blood flow ratio and drug delivery in a model of liver metastases, 453
Sequential hepatic and pulmonary resections for metastatic colorectal cancer, 241
Touch imprint cytological analysis of sentinel lymph nodes for detecting axillary metastases in patients with breast cancer, 1346

Metastasis - lymph
Combined inguinal and pelvic lymph node dissection for stage III melanoma, 1493

Metastasis – liver
Adjuvant regional chemotherapy after hepatic resection for colorectal metastases, 1025

Morbidity
Endoleak after stent-graft treatment of abdominal aortic aneurysm: a meta-analysis of clinical studies, 581
Postoperative small bowel leak, 979
Preoperative alcoholism and postoperative morbidity, 869

Magnetic resonance imaging
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422
Prospective comparison of endosonography, magnetic resonance imaging and surgical exploration in anorectal fistula and abscess complicating Crohn's disease, 360
Value of magnetic resonance cholangiopancreatography in demonstrating major bile duct injuries following laparoscopic cholecystectomy, 181

Neoplasm
Anal intraepithelial neoplasia, 1363
Centralization of surgery for periampullary malignancy, 1361
Flat adenomas, 1489

Neurological
Abnormal neurophysiology in patients with oesophageal motility disorders, 1202

Nutrition
Dietary intake after pancreatectomy, 323
Glutamine, 289

Nutrition – enteral
Appropriate use, complications and advantages demonstrated in 500 consecutive needle catheter jejunostomies, 557

Nutrition – parenteral
Glutamine, 289

Obesity
Partial ileal resection for hypercholesterolaemia in patients undergoing surgery for obesity, 1256
Prospective study of a laparoscopically placed, adjustable band in the treatment of morbid obesity, 113

Occlusion
Rescue of liver grafts from hepatic artery occlusion in living-related liver transplantation, 886

Oesophagus
Abnormal neurophysiology in patients with oesophageal motility disorders, 1202
Endoscopic band ligation of oesophageal varices, 437
Multimodal therapy for squamous carcinoma of the oesophagus, 727
Results of pneumatic dilatation in patients with dysphagia after antireflux surgery, 1088
Role of laparoscopic ultrasonography in the management of patients with oesophagogastric cancer, 1083
Surveillance for Barrett's oesophagus in the UK, 276

Oesophagus – cancer
Multimodal therapy for squamous carcinoma of the oesophagus, 727
Randomized comparison of prevertebral and retrosternal gastric tube reconstruction after resection of oesophageal carcinoma, 102

Oesophagus – function
Abnormal neurophysiology in patients with oesophageal motility disorders, 1202

Oesophagus – inflammatory
24-hour pH monitoring is necessary to assess acid reflux suppression in patients with Barrett's oesophagus undergoing treatment with proton pump inhibitors, 1472
Prospective randomized double-blind trial between laparoscopic Nissen fundoplication and anterior fundoplication, 123
Surveillance for Barrett's oesophagus in the UK, 276

Oesophagus – malignant
Multimodal therapy for squamous carcinoma of the oesophagus, 727

Oesophagus – reflux
24-hour pH monitoring is necessary to assess acid reflux suppression in patients with Barrett's oesophagus undergoing treatment with proton pump inhibitors, 1472
Fatal and life-threatening complications in reflux surgery: analysis of 5502 operations, 1573
Laparoscopic reoperation following failed antireflux surgery, 98
Mechanism of action of antireflux procedures, 405
Prospective study of symptoms and gastro-oesophageal reflux 10 years after posterior partial fundoplication, 956
Randomized trial to study the effect of fundic mobilization on long-term results of Nissen fundoplication, 614
Results of pneumatic dilatation in patients with dysphagia after antireflux surgery, 1088

Oesophagus – surgery
Diaphragmatic herniation following oesophagectomy, 109

© 1999 Blackwell Science Ltd

Prospective randomized double-blind trial between laparoscopic Nissen fundoplication and anterior fundoplication, 123
Prospective study of symptoms and gastro-oesophageal reflux 10 years after posterior partial fundoplication, 956
Randomized comparison of prevertebral and retrosternal gastric tube reconstruction after resection of oesophageal carcinoma, 102
Randomized trial to study the effect of fundic mobilization on long-term results of Nissen fundoplication, 614
Unique distribution patterns of metastatic lymph nodes in patients with superficial carcinoma of the thoracic oesophagus, 669

Oesophagus – tumour
Adenocarcinomas of the distal oesophagus and gastric cardia are one clinical entity, 529
Clinical significance of telomerase activity in the non-cancerous epithelial region of the oesophageal squamous cell carcinoma, 674

Oncology
Contribution of diet, tumour volume and patient-related factors to weight loss in patients with colorectal liver metastases, 639
Phase II trial of radical surgery for locally advanced pelvic neoplasia, 805
Vocal cord paralysis after subtotal oesophagectomy, 1583

Paediatric
Emerging trends in the management of the impalpable testis, 1280
Oral contrast with computed tomography in the evaluation of blunt abdominal trauma in children, 1073

Paediatrics
Emerging trends in the management of the impalpable testis, 1280
Postoperative intussusception in children, 81
Rectal examination in paediatric surgical practice, 376

Pancreas
Necrotizing pancreatitis, 147
Periampullary diverticula and pancreaticobiliary disease, 588

Pancreas – inflammatory
Dietary intake after pancreatectomy, 323
Evaluation of positron emission tomography with 2-[^{18}F]fluoro-2-deoxy-D-glucose for the differentiation of chronic pancreatitis and pancreatic cancer, 194
High early mortality rate from acute pancreatitis in Scotland, 1984-1995, 1302
Management of bleeding pseudoaneurysms in patients with pancreatitis, 29
Necrotizing pancreatitis, 147
Survey of antibiotic prophylaxis in acute pancreatitis in the UK and Ireland, 320

Pancreas – malignant
Evaluation of pylorus-preserving pancreatoduodenectomy with the Imanaga reconstruction by hepatobiliary and gastrointestinal dual scintigraphy, 1306

Pancreas – surgery
Evaluation of pylorus-preserving pancreatoduodenectomy with the Imanaga reconstruction by hepatobiliary and gastrointestinal dual scintigraphy, 1306
Management of pancreatic remnant with strategies according to the size of pancreatic duct after pancreatico-duodenectomy, 1018
Prospective randomized comparison between pylorus-preserving and standard pancreaticoduodenectomy, 603
Randomized clinical trial of ultrasonic dissector or conventional division in distal pancreatectomy for non-fibrotic pancreas, 608

Pancreas – tumour
Centralization of surgery for periampullary malignancy, 1361
Correlation between spiral computed tomography, endoscopic ultrasonography and findings at operation in pancreatic and ampullary tumours, 189
Human pancreatic carcinoma cells are sensitive to photodynamic therapy *in vitro* and *in vivo*, 899
Prospective randomized comparison between pylorus-preserving and standard pancreaticoduodenectomy, 603
Role of tissue factor expression on tumour cell invasion and growth of experimental pancreatic adenocarcinoma, 890
Spiral computed tomography for preoperative staging of a potentially resectable carcinoma of the pancreatic head, 789

Pancreatitis
Bacterial infection and extent of necrosis are determinants of organ failure in patients with acute necrotizing pancreatitis, 1020
Early ascorbic acid depletion is related to the severity of acute pancreatitis, 1296
Incidence, aetiology and mortality rate of acute pancreatitis over 10 years in a defined urban population in Sweden, 465
Inhibition of platelet-activating factor, intercellular adhesion molecule 1 and platelet endothelial cell adhesion molecule 1 reduces experimental pancreatitis-associated gut endothelial barrier dysfunction, 411
Value of splenic preservation during distal pancreatectomy for chronic pancreatitis, 895

Parathyroid
Endoscopically assisted, minimally invasive parathyroidectomy, 1563
Improving cytological diagnosis and surgical management of parotid adenolymphoma, 1275
Parathyroid adenoma cannot be found during neck exploration of a patient with presumed primary hyperparathyroidism, 725
Pathology and outcome of surgical treatment for lithium-associated hyperparathyroidism, 91

Parotid
Epidemiology of Warthin's tumour of the parotid gland in an Asian population, 661

Pathology
Flat adenomas, 1489
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108

Peptic ulcer
Evaluation of a protocol for the non-operative management of perforated peptic ulcer, 131

Perforation
Evaluation of a protocol for the non-operative management of perforated peptic ulcer, 131

Peritoneum
Red blood cells inhibit tumour cell adhesion to the peritoneum, 509

Peritonitis
Postoperative peritonitis originating from the duodenum: operative management by intubation and continuous intraluminal irrigation, 1207

© 1999 Blackwell Science Ltd

Surgical management of severe secondary peritonitis, 1371

Polyposis
Desmoid tumours complicating familial adenomatous polyposis, 1185

Portal vein
During liver regeneration following right portal embolization the growth rate of liver metastases is more rapid than that of the liver parenchyma, 784

Prolapse
Colonic mortality is abnormal before surgery for rectal prolapse, 263

Prophylaxis
Graduated compression stockings in the prevention of venous thromboembolism, 992

Prosthesis
Aortic prosthetic infection, 435

Radiation – therapy
Adjuvant radiotherapy for rectal cancer, 1233
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108

Radiology
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108

Radiotherapy
Adjuvant radiotherapy for rectal cancer, 1233
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108

Rectum
Adjuvant radiotherapy for rectal cancer, 1233
Flat adenomas, 1489
Lateral ligaments of the rectum: an anatomical study, 487
Preoperative staging of rectal carcinoma, 17

Rectum – cancer
Adjuvant radiotherapy for rectal cancer, 1233
Outcome in patients with colorectal cancer managed by surgical trainees, 1332
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108
Preoperative staging of rectal carcinoma, 17
Staging of rectosigmoid neoplasia using colonoscopic endoluminal ultrasonography, 942
Treatment of colorectal liver metastases, 158

Rectum – miscellaneous
Rectal examination in paediatric surgical practice, 376

Rectum – surgery
Colonic mortality is abnormal before surgery for rectal prolapse, 263
Long-term functional results of colonic J pouch *versus* straight coloanal anastomosis, 1176
Primary myocutaneous flap closure following resection of locally advanced pelvic malignancies, 349
Surgery may be curative for patients with a localized perforation of rectal carcinoma, 1448

Rectum – tumour
Adjuvant radiotherapy for rectal cancer, 1233
Clinicopathologic study of intrapelvic cancer spread to the iliac area in lower rectal adenocarcinoma by serial sectioning, 1532
Flat adenomas, 1489
Preoperative radiotherapy for rectal cancer: implications for surgeons, pathologists and radiologists, 1108
Primary myocutaneous flap closure following resection of locally advanced pelvic malignancies, 349
Staging of rectosigmoid neoplasia using colonoscopic endoluminal ultrasonography, 942
Surgery may be curative for patients with a localized perforation of rectal carcinoma, 1448

Reflux
24-hour pH monitoring is necessary to assess acid reflux suppression in patients with Barrett's oesophagus undergoing treatment with proton pump inhibitors, 1472
Fatal and life-threatening complications in reflux surgery: analysis of 5502 operations, 1573
Investigation of oesophageal reflux symptoms after gastric surgery with combined pH and bilirubin monitoring, 271

Reperfusion
Protective effect of preconditioning and adenosine pretreatment in experimental skeletal muscle reperfusion injury, 916

Research and design
Outcome measures after lower extremity bypass surgery: there is more than just patency, 1105
Systematic reviews and meta-analyses: the value for surgery, 977

Sarcoma
Gastrointestinal stromal sarcomas, 545
Prospective evaluation of soft tissue masses and sarcomas using fluorodeoxyglucose positron emission tomography, 550

Screening
Survival of patients with colorectal cancer diagnosed in a randomized controlled trial of faecal occult blood screening, 1286

Sepsis
Characterization of the Kupffer cell response to exogenous endotoxin in a rodent model of obstructive jaundice, 628
Kupffer cell blockade, tumour necrosis factor secretion and survival following endotoxin challenge in experimental biliary obstruction, 1410
Selective impairment of glucose storage in human sepsis, 813

Shunt
Saphenoperitoneal shunts for patients with intractable ascites associated with chronic liver disease, 882

Small bowel
Mesenteric vein thrombosis due to factor V Leiden gene mutation, 1059
Plasma concentrations of glutathione S-transferase isoenzyme are raised in patients with intestinal ischaemia, 1349
Postoperative small bowel leak, 979

Small bowel – inflammatory
Prospective comparison of endosonography, magnetic resonance imaging and surgical exploration in anorectal fistula and abscess complicating Crohn's disease, 360

Small bowel – surgery
Impaired healing of extraperitoneal intestinal anastomoses, 680

Small intestine
Postoperative small bowel leak, 979

Sphincter
Differences in contractile properties of anorectal smooth muscle and the effects of calcium channel blockade, 70

© 1999 Blackwell Science Ltd

Unstimulated graciloplasty in traumatic faecal incontinence, 1071

Splenectomy
Value of splenic preservation during distal pancreatectomy for chronic pancreatitis, 895

Stenosis
Clinical study for adjuvant photodynamic therapy to reduce restenosis following femoral angioplasty, 1258
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422

Stomach
Role of laparoscopic ultrasonography in the management of patients with oesophagogastric cancer, 1083

Stomach – malignant
Clinical evaluation of lymph node metastasis in gastric cancer defined by the fifth edition of the TNM classification in comparison with the Japanese system, 685

Stomach – surgery
Indication for and outcome of laparoscopy-assisted Billroth I gastrectomy, 541
No survival benefit from combined pancreaticosplenectomy and total gastrectomy for gastric cancer, 119
Preliminary report on local resection with lymphadenectomy for early gastric cancer, 526
Prospective study of a laparoscopically placed, adjustable band in the treatment of morbid obesity, 113
Transhiatal approach to total gastrectomy for adenocarcinoma of the gastric cardia, 536

Stomach – tumour
Adenocarcinomas of the distal oesophagus and gastric cardia are one clinical entity, 529
Indication for and outcome of laparoscopy-assisted Billroth I gastrectomy, 541
No survival benefit from combined pancreaticosplenectomy and total gastrectomy for gastric cancer, 119
Preliminary report on local resection with lymphadenectomy for early gastric cancer, 526
Transhiatal approach to total gastrectomy for adenocarcinoma of the gastric cardia, 536

Surgical education
Systematic reviews and meta-analyses: the value for surgery, 977

Surgical technique
Adrenal-sparing surgery for phaeochromocytoma, 94
Comparison of radioguided excision with wire localization of occult breast lesions, 522
Electronic evaluation of the value of double gloving, 1387
Hernia sac cannot be found at operation, 1107
Inguinal hernia repair, 577
Missing mammographic abnormality, 851
Parathyroid adenoma cannot be found during neck exploration of a patient with presumed primary hyperparathyroidism, 725
Physiological comparison of open and endovascular aneurysm repair, 760
Prospective randomized trial of end-to-end *versus* side-to-side biliary reconstruction after orthotopic liver transplantation, 447
Retrosternal goitre, 1235
Thyroid surgery and the recurrent laryngeal nerve, 291

Surgical training
Consultant surgeon's opinion of the skills required of basic surgical trainees, 1078
Outcome in patients with colorectal cancer managed by surgical trainees, 1332
Training opportunities in liver transplantation surgery, 1515

Sympathectomy
Intermediate-term results of endoscopic transaxillary T2 sympathectomy for primary palmar hyperhidrosis, 45

Testicles
Emerging trends in the management of the impalpable testis, 1280

Testis
Emerging trends in the management of the impalpable testis, 1280

Thrombolytic therapy
Peripheral thrombolysis for acute-onset claudication, 800

Thrombosis
Mesenteric vein thrombosis due to factor V Leiden gene mutation, 1059
Peripheral thrombolysis for acute-onset claudication, 800

Thyroid
Effect of training on the incidence of nerve damage in thyroid surgery, 388
Respiratory complications after thyroidectomy and the need for tracheostomy in patients with a large goitre, 88
Retrosternal goitre, 1235
Thyroid surgery and the recurrent laryngeal nerve, 291

Transplantation
Xenotransplantation, 1499

Transplantation – liver
Training opportunities in liver transplantation surgery, 1515

Trauma
Indications for early mandatory laparotomy in abdominal stab wounds, 76
Management of liver trauma, 1121
Oral contrast with computed tomography in the evaluation of blunt abdominal trauma in children, 1073
Trauma centres: a British perspective, 723
Trauma centres in the USA - past and present, 721

Tropical
Gallbladder ascariasis: presentation and management, 1526

Tumour
Experimental study of the effect of intraperitoneal heparin on tumour implantation following laparoscopy, 400
Role of laparoscopic ultrasonography in the management of patients with oesophagogastric cancer, 1083

Ultrasonography
Colour-coded duplex imaging and dependent Doppler ultrasonography in the assessment of cruropedal vessels, 33
Comparison of intra-arterial digital subtraction angiography, magnetic resonance angiography and duplex ultrasonography for measuring carotid artery stenosis, 1422
Contrast-enhanced colour Doppler ultrasonography in suspected breast cancer recurrence, 1198
Correlation between spiral computed tomography, endoscopic ultrasonography and findings at operation in pancreatic and ampullary tumours, 189
Intraobserver and interobserver agreement in anal endosonography, 371
Intraoperative abdominal ultrasonography, 5

© 1999 Blackwell Science Ltd

Multicentre study of ultrasonographically guided axillary node biopsy in patients with breast cancer, 1459
Prospective comparison of endosonography, magnetic resonance imaging and surgical exploration in anorectal fistula and abscess complicating Crohn's disease, 360
Staging of rectosigmoid neoplasia using colonoscopic endoluminal ultrasonography, 942
Three-dimensional endoanal sonography in assessing anal canal injury, 365
Use of colour duplex to diagnose and guide angioplasty of lower limb arterial lesions, 911

Varices
Endoscopic band ligation of oesophageal varices, 437

Varicose veins
Venous ulcer healing by four-layer compression bandaging is not influenced by the pattern of venous incompetence, 1437

Vein
Assessment of lower extremity venous function using a foot venous pressure measurement, 1149
Effect of exercise on calf muscle pump in patients with chronic venous disease, 338
Influence of systemic factors on pre-existing intimal hyperplasia and their effect on outcome of infrainguinal arterial reconstruction with vein, 1441
Role of superficial venous surgery in the treatment of venous ulceration, 755

Venous
Assessment of lower extremity venous function using a foot venous pressure measurement, 1149
Deep venous thrombosis in peripheral vascular disease, 907
Effect of exercise on calf muscle pump in patients with chronic venous disease, 338
Role of superficial venous surgery in the treatment of venous ulceration, 755
Venous ulcer healing by four-layer compression bandaging is not influenced by the pattern of venous incompetence, 1437

Venous thrombosis
Deep venous thrombosis in peripheral vascular disease, 907
Graduated compression stockings in the prevention of venous thromboembolism, 992
Mesenteric vein thrombosis due to factor V Leiden gene mutation, 1059
Modern management of pulmonary embolism, 853
Venous ulcer healing by four-layer compression bandaging is not influenced by the pattern of venous incompetence, 1437

Venous ulcer
Effect of exercise on calf muscle pump in patients with chronic venous disease, 338
Role of superficial venous surgery in the treatment of venous ulceration, 755

Volvulus
Minimizing recurrence in sigmoid volvulus, 231

© 1999 Blackwell Science Ltd
